Town of Superior issues emergency declaration

The Town of Superior will be forever grateful to all of the crews who have worked to extinguish this horrific wildfire near our community. At this time, we continue to support our neighboring communities of Globe/ Miami as the fire still rages through our Copper Corridor region.

Today, Mayor Mila Besich has signed a Declaration of Emergency to ensure that the Town will have the necessary resources to manage cleanup efforts and cover associated costs due to fighting the Telegraph Fire.

“This fire came dangerously close to our community. We are thankful for all of the efforts of the fire crews that have come from all over the U.S. to assist us. Most importantly our Town Staff, who worked 24/7 to ensure town operations continued and protected our community,” said Mayor Besich.

This is the second major wildfire in two years that has caused significant damage to the many places that residents and visitors to Superior enjoy. The flames may be dying out but the cleanup and post-fire flooding will create a new level of work for the Town and

surrounding areas.

The magnificent landscapes surrounding Superior have been charred; important recreation areas such as the Legends of Superior Trail through Arnett Canyon and significant passages of the Arizona National Scenic Trail have been destroyed. We are fortunate to have been able to save the Boyce Thompson Arboretum, as they will be important leaders in revegetating our Sonoran Desert.

Everyone’s support and outreach from our Arizona Congressional Delegation, other cities and towns and

organizations across the state have been greatly appreciated. The importance placed on this emergency by the Pinal County Board of Supervisors and Governor Ducey to declare an emergency will be helpful as we all transition from an active emergency and into the repair phase.

We look forward to working with Governor Doug Ducey and the Arizona Legislature in the special session that has been convened to address these fires. Forest management and protecting Arizona is paramount to us

LETTER TO THE EDITOR

Thank You for Protecting Superior

A thousand thank you’s would not be enough for the Town Employees, Firefighters, Council Members and others who helped save Superior from the devastation of the raging fire we just experienced. Thank you to Mayor Mila, Manager Todd Pryor, Fire and Police and the entire staff that worked so hard to keep calmness in place and provide great communication to the community. We had firsthand knowledge of the fire and its path on a continuous basis.

One of the things I love the most about Superior is

our resilience. Over the past 20 years I’ve seen many peaks and valleys and we always pull together as a family and climb back to the top of the peak when we need to. Nothing will stop this little Town from being one of the most sought after rural communities in Arizona.

On behalf of our businesses and the Chamber of Commerce Board, our heartfelt thanks.

Telegraph Fire proves relentless

The Telegraph Fire that started in the early afternoon of Friday, June 4, 2021, south of Superior in the Tonto National Forest has consumed 104,755 acres and at press time was 68 percent contained. There are more than 1,000 people fighting this fire. The fire lost some containment after the fire expanded aggressively Sunday night.

The fire has kept residents throughout the Copper Corridor on their toes as Set and Go evacuations orders were issued for Superior, Top of the World, Miami, Globe and on Monday, the areas of El Capitan and Dripping Springs were ordered to GO. Highway 60 between Superior and Miami reopened on Friday evening and Highway 177 reopened on Thursday morning. Highway 77 re-opened briefly, but was closed again on Sunday due to the expansion of the Telegraph fire.

At press time Superior, Miami and Globe have returned to Ready. Top of the World, and many of the canyons near the Pinal Mountains remain on Set.

As the fire traveled east through the Tonto National Forest it burned through

the Pinal Mountains; and as the vegetation turned from Sonoran Desert to tall pines and manzanita the fire grew. Lack of humidity and high temperatures have not been in the favor of the crews fighting the fire. Speaker of the House, Rusty Bowers lost his cabin South of Pinto Valley and Rep. David Cook lost his vacation cabin in the Pinal Mountains. Over 20 structures have been lost, but there have been no significant injuries or deaths.

The fire and its footprint have been visited by Governor Doug Ducey, which followed a press conference where the Governor promised to call a special session of the legislature to address and provide funding for the communities affected by the Telegraph and Mescal fires. His speech focused on the needs of Gila County. Pinal County officials have said that the special session will also include support for the areas of Pinal County affected by the fire. Additional media reports have indicated the Governor is going to ask for \$100 million dollars for relief and recovery efforts. Mayor Mila Besich has declared an emergency to cover

any recovery efforts the town may need to cover.

Senator Mark Kelly also visited the area and received in person briefings from the Incident Commands of the Telegraph and Mescal Fires. He also met with elected officials of Superior, Miami, Globe and San Carlos.

The Telegraph Fire has become one of the top 10 largest fires in Arizona’s history. Copper Area News provides a variety of updates regarding the fire on our Facebook pages; residents can also follow the Telegraph Fire Incident Command Facebook page and website for additional information.

Forecasted hot temperatures, dry thunderstorms – a combination for very high fire danger across Arizona

People in the Copper Corridor are no strangers to the danger of wildfires. This year has already seen four devastating fires (Margo, Simmons, Mescal and Telegraph) and with a fifth one threatening (Pinnacle), now is the time to be cautious.

The forecasted heat wave coupled with an unstable atmosphere and extremely dry fuels have the potential to produce large wildland fire incidents across Arizona. The incoming critical fire weather, which also includes dry thunderstorms, also means rapid fuel ignition and fire spread with very erratic and extreme fire behavior.

As of Friday, all state land within Arizona is under Stage II fire restrictions. These restrictions fall in line with our federal and tribal partners’ restrictions. Under Stage II, campfires and smoking outdoors is not allowed. Target shooting and fireworks are prohibited year-round. DFFM’s Industrial Plan C is now in effect which limits time of use for chainsaws, mechanical fellers, masticators, and chippers. A fireguard must be in place for industrial activities.

For private property owners, if working outdoors pay attention to the weather, avoid burning on windy days, and never leave a burn unattended. Have a water source and shovel nearby and

use a spark arrester on equipment. Department of Forestry and Fire Management wildland fire investigators report multiple starts this year due to grinding and other equipment usage.

DFFM continues statewide prevention patrols with heavy focus on areas prone to ignitions. These areas include, the US-60 corridor from Wickenburg into Apache Junction, I-17 within the New River and Black Canyon City-areas, and I-10 through southern Arizona. Over the last few weeks, prevention officers have found multiple abandoned campfires and target shooting on state land. They have picked up a handful of roadside fires, responded to other fire starts, and have made dozens of proactive contacts with the public.

To date, 848 wildfires have burned 208,190 acres statewide on all jurisdictions; state, federal, and tribal lands. In comparison to last year as of June 12, 907 wildfires burned 138,443 acres statewide.

“We cannot stress enough to the public the critical situation we are faced with. Firefighters are already challenged and any ignition starting within this drought-stricken fuel bed combined with our incoming critical fire weather could produce large, fast-moving and very active wildfires. Take personal responsibility,

follow fire restrictions, and do your part with prevention efforts,” said DFFM Fire Management Officer John Truett.

For more information, contact Tiffany Davila at 602-540-1036 or by email at tdavila@dffm.az.gov. Statewide fire restriction information: WildlandFire.az.gov.

The guard rail posts were burned in several places on Hwy. 177 between Kearny and Superior.

Open house on Queen Creek flood plain set for June 30

On Wednesday, June 30, the Town of Superior and Pinal County Flood Control will be hosting an open-house-style public meeting to share the results of the recently completed Superior Mine

Wash Letter of Map Revision (LOMR). The LOMR, which will become effective on Aug. 5, 2021, redefines the limits of the Special Flood Hazard Area and the Floodway along the Queen Creek Wash

through the Town of Superior. Engineers from JE Fuller will be on hand with interactive GIS maps to show interested parties their specific properties and answer any technical

questions. The meeting will be held from 6 to 7 p.m. at the Town of Superior Council Chambers at 199 N. Lobb Ave., Superior, AZ 85173.

Shop Local and Support Local

In April 2020, COVID-19 brought much of Arizona’s economy to a screeching halt. All businesses not deemed “essential” were ordered closed by Arizona’s governor Doug Ducey.

The lockdown continued for nearly two months. When Gov. Ducey finally gave the go ahead to reopen, businesses slowly began the road to recovery. Even those listed as “essential” had a challenge with this economic recovery.

Many small businesses and non-profits in Arizona didn’t survive the lockdown. The businesses that did survive are hanging on as best they can. Copper Area News wanted to give something back to the local business community. Over the next several weeks, our newspapers (Copper Basin News, Superior Sun and San Manuel Miner) will be featuring local businesses and non-profits, encouraging our readers to Shop at Home, stay local

and support our local businesses. To date, Copper Area News has featured 69 businesses in the Copper Corridor.

As the COVID-19 Pandemic took its toll, businesses, families and even local non-profits had to adjust their strategies to keep their missions moving forward while working through the pandemic. Meetings were moved to Zoom and fundraisers had to become creative as in-person events were not allowed.

Rebuild Superior Inc. is one of those local non-profit organizations that adapted its operations to ensure it remained supportive to the Town of Superior. Rebuild Superior Inc. was formed under the wings of the Superior Chamber of Commerce which was tasked with developing a Business Attraction Retention (BAR) strategy with funding from Resolution Copper. When the volunteers working on the BAR realized

that they would need a 501(c)3 non-profit to carry forward many of the plans for housing repairs, blight remediation, arts and culture, they incorporated Rebuild Superior Inc. Rebuild Superior helps to support economic and community development activities; they work hand in hand with the Town of Superior and collaborate with the Superior Chamber of Commerce, Superior Unified School District and other community non-profits.

This past weekend, Rebuild Superior hosted a neighborhood cleanup on Sonora Street. The groups sponsored a roll off dumpster and coordinated volunteers to remove brush and debris from the neighborhood. Fire risks along Queen Creek created much urgency for the neighbors and volunteers.

During the pandemic, Rebuild Superior along with several volunteers assisted

the Town of Superior with cleaning the cemetery and raising funds to assist with larger scale clean up efforts. This was helpful to the Town, because the Town lost access to inmate crews who would assist with cemetery maintenance.

In addition to these community clean up projects, Rebuild Superior also has been awarded a housing preservation grant that has helped to provide critical home repairs to vulnerable, low income residents. They also contribute funding to the Superior Marketing and Branding projects and have supported a few public art projects such as the Rails Park Bench and the rehabilitation of the Ore Cart Trail public art piece at the US 60 Park.

You can help support their mission by making financial contributions or volunteering at their community clean up events. Learn more by visiting them online: www.rebuildsuperioraz.org.

God Knows Best

We are in the Biblical/ Hebrew month of Tammuz, the fourth month of the Hebrew year. This is a time in Biblical history when the Israelites lot their patience with Moses, their leader. He had gone up Mt. Sinai to get instructions from Jehovah God. He took so long, the people decided they needed a god they could see. And so, the golden calf was made, which angered God. One meaning of Tammuz is 'hidden.' 2 Corinthians 4:18 tells us, 'we fix our eyes not on what is seen, but on the unseen, since what is seen is only temporary, but what we don't see is eternal.'

This is a time to hold our lives up to the light of God's Word. Let His light show us which things are wrong and of the flesh; and those things which are from Him. Then we

can focus on His goodness and blessings. Realize too, that God's timetable is in our best interests. He desires us to live in blessing and abundance, not in lack or selfish desires. When He holds back a blessing, it means when we do receive it, it will be better than we ever imagined it would be. So, we live and learn! God does know best!
