# ADOT to drivers: More monsoon storms require extra caution; be prepared, stay alert for wet highways, possible flooding and debris

PHOENIX – With the National Weather Service forecasting additional monsoon storms in Arizona, drivers should exercise extreme caution and consider ways to avoid severe conditions on the state’s highways and roads. That includes delaying travel until severe weather has passed.

The National Weather Service has noted that wet ground conditions already exist from recent rain, allowing for more rapid flash flooding from new storms this week. With the ground heavily saturated, even small storms have added potential to produce flash flooding or other dangerous conditions. Runoff from storms can send debris, including large rocks or boulders, onto highways and local roads.

The Arizona Department of Transportation says drivers should pay attention to weather forecasts. Monsoon weather can produce thunderstorms with sudden, heavy rainfall. As has already been experienced this summer, areas where wildfires have burned in recent years are vulnerable to debris flows. Nighttime driving can be especially risky due to reduced visibility. Keep these tips in mind:

- Don’t risk crossing a flooded wash, even if it doesn’t look deep. Even a few inches of running water poses a serious risk.
- Stay alert in areas prone to falling rocks. Remember, runoff can loosen rocks and boulders from slopes above roadways.
- Don’t drive around “Road Closed” signs. You risk your life and face being cited under state law.
- If traffic lights are out, treat an intersection as a four-way stop.
- Inspect your windshield wipers and replace them if necessary.
- Reduce your speed and maintain a safe distance between your vehicle and the one in front of you.
- Avoid sudden braking, which can cause you to slide on wet pavement. To slow down, take your foot off the gas pedal and brake slowly.

Other safety tips for driving in rainstorms are available at [azdot.gov/monsoons](http://azdot.gov/monsoons).

Drivers also should remain prepared for dust storms during summer monsoon weather. Avoid driving into a dust storm. In almost no time, blowing dust can drop visibility to zero,

especially where small dust channels afford drivers little or no opportunity to avoid this hazard. Here are other dust storm safety tips:

- If you encounter a dust storm, immediately check traffic around your vehicle (front, back and to the side) and begin slowing down.
- Don’t wait until poor visibility makes it difficult to pull off the roadway safely; do it as soon as possible. Completely exit the highway if you can.
- Don’t stop in a travel lane or in the emergency lane. Look for a safe place to pull completely off the paved portion of the roadway.
- Turn off all vehicle lights, including your emergency flashers. You don’t want other vehicles approaching from behind to use your lights as a guide and crash into your vehicle.
- Set your emergency brake and take your foot off the brake.

# Overnight accident leaves truck driver injured, roadway covered in paint

# Panthers to kick off 2021 season Friday at Desert Heights Prep

By Nathaniel A. Lopez  
Superior Sun

The Superior Panthers football team will kick off its season Friday, Aug. 20. The Panthers will travel to Desert Heights Prep for their first game under a new head coach, Joshua Denhalter. The Panthers are a relatively young team with one senior, five juniors, seven sophomores, and four freshman. During the 2020-21 school year, Superior went 6-1,

only losing once to Williams. Last season Superior faced off against Desert Heights Prep during their fifth game, and the Panthers walked away with a giant 56-12 final score. If the boys start out strong like they did for the 2020-21 season, they will have a good chance at repeating their success, with hopes of a perfect record for this season. Kick off is at 7 p.m. Superior will host Duncan on Aug. 27 for the first home game of the season.

## Storms flood streets, damage Arboretum

The wild monsoon storms that hit Superior and the Copper Corridor region on Friday and Saturday created quite the mess throughout Superior and damaged the picnic areas and some trails at the Wallace Desert Garden at the Boyce Thompson Arboretum. One storm hit on Friday night which caused the Town to close the Queen Creek wash crossings. That storm sent tons of debris straight into the Arboretum via Queen Creek and the Silver King wash, building up a wall of debris along the Wallace Garden bridge. A second torrential storm hit the area on Saturday afternoon, during the Prickly Pear festival, sending

event goers and visitors to Superior for shelter and dry cover. More storms are predicted throughout the week. Residents are asked to please not go around high water crossing barriers. Sand bags are available at Town Hall for those that need them. Crews are working as quickly as possible to clear the debris from the streets. The Arboretum is also looking for volunteers to help with clean up and debris removals. You can contact them directly at 520-689-2723 for more information on volunteering for the clean up efforts at the garden.

The picnic area at the Boyce Thompson Arboretum was damaged after the area was flooded during a monsoon.

## Copper Corridor Communities Seeing Increase of COVID-19 Cases

	July 26, 2021	Aug. 17, 2021	Total Increase
Globe	1510	1556	46
Hayden	61	61	0
Kearny	226	232	6
Mammoth	196	197	1
Miami	415	426	11
Oracle	468	472	4
San Manuel	340	342	2
Superior	339	340	1
Winkelman	173	181	8

Recently, State and National media have reported an increase in positive COVID-19 Cases. The communities of the Copper Corridor have also started to see an increase in positive cases. The new Delta variant of COVID-19 has been reported as highly transmissible. The CDC and other health officials warn that those who are not vaccinated should continue to practice physical distancing, wear masks in public and avoid crowded places and is also strongly recommending everyone wear a mask indoors and in group settings.

Governor Doug Ducey has signed executive orders that prohibit Cities and Towns from mandating mask wearing, limiting restaurant capacity or other enacting other physical distancing requirements. At this time there is no indication that there will be any restrictions put into place. Local schools are also prohibited from requiring masks be worn on campus. COVID Vaccines are readily available at local clinics in the region including Cobre Valley Clinics in Superior and Kearny, Pinal County Public Health and Sun Life Clinics. Other chain pharmacies such as Walgreens, grocery story pharmacies and CVS also have vaccines available.

We last reported daily COVID-19 case increased on July 26, 2021. Below is a chart showing our last reported number and the current number of total cases for each of the Copper Corridor communities. Keep in mind that zip code data also includes unincorporated areas around a community. For instance, Riverside/Kelvin area is included in the Kearny zip code. Aravaipa and Dudleyville are included in the Winkelman zip codes, etc.

Those experiencing COVID-19 symptoms should seek testing and quarantine until they can confirm a negative test. **Working together, we can slow the spread of the virus across the Copper Corridor. Wear a mask in public, remain physically distant (6ft apart or more), practice good hygiene (wash your hands frequently, sanitize high touch areas) and stay home if you are not feeling well.**

# Prickly Pear Festival returns!

Regenerating Sonora, a local 501(c)3 non-profit recently took the lead on planning the famous Superior Prickly Pear Festival. The 2020 festival was cancelled due to COVID-19 but leaders of Regenerating Sonora worked to bring the event back to Superior.

This year's event included several demonstrations and speakers on

foraging foods from the desert and other sustainability tips. There were vendors with lots of retail products, art and information and of course. The event would not be complete with the annual pancake breakfast with Prickly Pear syrup and those Prickly Pear Margaritas at the Cactus Lounge.
